Subject: Draft Final Comments on the LCP OU2 SCR
Attachments: LCP OU2 GW Wells EPA evaluation 3_31_2020.xlsx; LCP OU2 Site Characterization Report EPA comments V3 3_31_2020 .docx

Hi Prashant,

Please find EPA's draft final comments (more added since last week and more complete tables of wells to be examined). Draft comments from GEPD are included, as well. These are not the final comments, but represent the issues to be discussed on the call on Thursday afternoon. Please let me know if there are questions before Thursday afternoon. EPA requests to go through these and discuss resolutions and any issues on the call.

Sincerely,
